

COVID-19 STAFF PROTOCOL

This store follows best practices for COVID-19 prevention in accordance with government recommendations

STAFF SPECIFIC RECOMMENDATIONS

Restricting anyone who is exhibiting signs of infection from working at the shop

Maintaining and enforcing a 6 foot distance between people while in the shop or waiting to enter

Encourage the use of masks

Cleaning contact surfaces after every customer interaction

Washing hands with soap and water or sanitizing hands with alcohol-based products after every customer interaction

ADDITIONAL SHOP RECOMMENDATIONS

- ✓ Create opening and closing checklists to prevent errors
- ✓ Mark 6 foot intervals on flooring and in outdoor waiting areas
- ✓ Have disposable gloves and masks available for staff and customers
- ✓ Have hand sanitizer available upon entry
- ✓ Disinfect point of sale hardware after every use
- ✓ Install acrylic check-out guards or Plexiglass shields at point of sale areas

NOTE: AVA is not a public health agency and does not provide health advice. We are not enforcing recommendations, only providing these as guidance for the vaping industry based on best practices.
